AML ASSIST

Stay Compliant, Stay Confident

AML/CTF Compliance Services

AML Assist simplifies your AML/CTF compliance obligations with efficient, trusted advice and services for the changing Australian legislation.

Upcoming changes in the Federal Anti-Money Laundering/Counter-Terrorism Financing Act mean it's time to start planning your approach to the compliance requirements and the resources you will require.

AML Assist's consultancy, independent expert advice, and training will ensure your practice will meet the new requirements in an efficient and cost effective manner. Initial compliance and developing your system is the first step; ongoing support, including monitoring, training, and updates, is crucial. Leverage our proven systems and experience from the similar New Zealand legislation and worldwide requirements.

- Confidently work through the new legislation requirements and rules to ensure compliance
- Stay up to date with AUSTRAC's expectations
- Ongoing training, support and assistance
- Truly independent advice to help you select the very best systems and services
- AML's expertise will ensure you confidently achieve the right level of compliance based on your actual risk
